WILKINSON, K.

Interests, Reasons, Qualifications:

My husband and I moved to Royal Oak 2 years ago after my youngest child graduated from high school. The development of The Fifth condominium building was a strong motivator, as was this beautiful community for which I have served as a firefighter for over 14 years. I have a very strong interest in maintaining the beauty and core values that has set Royal Oak apart from other communities, as well as a vested interest in moving our community into the future. While I cannot attest to having any specific experience in terms of community development, I can bring to the table a first hand knowledge of this community like no other. I have 14 years of dealing solely within our community as a paramedic and firefighter, actively participating in situations that would be difficult for others to comprehend. I know the people of this community well. In addition, living in the downtown district has given me another vantage point from the view as a citizen, and again I see daily both the strengths of our city and the areas upon which could be improved. I would be very proud to serve as a resident on the DDA.

Community Activities/ Experience/Other

I have participated in many community fundraisers and events such as a Royal Oak Animal Shelter fundraising, community education programs at many of the elementary schools, and recently I participated in the City election process as a representative of the Fire Department. I am also currently serving on the advisory board of my building homeowner's association.
