

Royal Oak Police Department

Press Release

Prepared by Lt. Barry Gale
248-246-3521

Today, Tuesday, February 22, 2011, at 3:30 pm, a Consumers Energy Truck was driving Southbound on Coolidge Highway from 14 Mile Rd. The truck still had its boom up and began taking down wires.

Wires, three poles and the traffic lights were eventually pulled down at the intersection of Coolidge and Normandy Rd in the City of Royal Oak.

The Royal Oak Fire Department is stating that the repair will take several hours and is asking the public to stay away from that area, if at all possible.

Royal Oak Police Department 248-246-3500.
