

Meet the new team...

Mazur Market Management is now in place at the Royal Oak Farmers Market. The new team is led by Shelly Mazur, who has been the market event planner for the last four years, and has been a mushroom vendor for the last nine years. Robin Richardson and Teresa Edwards round out the team. Robin is the new event planner and Teresa will work with Shelly and Robin as the market assistant. Ron Reynolds, with Don McGuire and David Fletcher, will continue as the custodial staff that have been keeping your market clean and inviting for years. This group is experienced and dedicated to keeping this farmers market one of the best in the state. "I think it is important to preserve the integrity and diversity of the market, and continue to grow to serve our customers" says Mazur. "We have one of the premier markets in the state, and have one of the few that are open all year round on Saturdays. In addition, we have a Sunday Antique and Collectible market which draws vendors and customers from all over Michigan and outlying states, also open all year round. "This market is a jewel for Royal Oak, and our job is to preserve that jewel" says Mazur. "The current market events are a building block, which we intend to grow" says Richardson. "We are working on plans for additional events for the families of Royal Oak and surrounding communities" she added.

As we enter our 87th year, we hope to continue to make the market a diverse and exciting place to shop for many more years to come.
